

Torrance Transit System Project, November 2021

Overview

NANOV DISPLAY provided the two monolith style interactive kiosks to be installed at the newly constructed Torrance Regional Transit Center.

Signage Model Name: NISSK-460PCT-305-TOR

The 46 inch single-sided kiosks include:

- LED backlit poster
- PCAP interactive touch glass
- Intelligent Heater Ventilation Air Circulation (HVAC) system
- Tamper-proof, anti-reflection glass
- Custom transit branding - Vinyl wrapping with swoosh design
